

## PRODUCT SPECIFICATION

catalog number:	<b>D21010394</b>																																				
product description:	Estradiol Antiserum																																				
lot number:	[lot specific]																																				
immunogen:	Estradiol-6-hemisuccinate-KLH																																				
source:	Rabbit																																				
form:	Neat serum																																				
cross-reactivity:	<table><tr><td>▪ Estradiol-3-glucuronide</td><td>4.56%</td><td>▪ Clomiphene</td><td>0%</td></tr><tr><td>▪ Estrone</td><td>2.49%</td><td>▪ Corticosterone</td><td>0%</td></tr><tr><td>▪ Estriol</td><td>0.56%</td><td>▪ Cortisol</td><td>0%</td></tr><tr><td>▪ 17<math>\beta</math> E2 Mono Sulfate</td><td>0.37%</td><td>▪ DHEA</td><td>0%</td></tr><tr><td>▪ 17<math>\alpha</math> Estradiol</td><td>0.34%</td><td>▪ DHEA sulfate</td><td>0%</td></tr><tr><td>▪ Ethinyl Estradiol</td><td>0.29%</td><td>▪ 11-Deoxycortisol</td><td>0%</td></tr><tr><td>▪ E2-3-sulfate-17 glucuronide</td><td>0%</td><td>▪ Equilin</td><td>0%</td></tr><tr><td>▪ Aldersterone</td><td>0%</td><td>▪ Progesterone</td><td>0%</td></tr><tr><td>▪ 4-Androstene-3,17-diol</td><td>0%</td><td></td><td></td></tr></table>	▪ Estradiol-3-glucuronide	4.56%	▪ Clomiphene	0%	▪ Estrone	2.49%	▪ Corticosterone	0%	▪ Estriol	0.56%	▪ Cortisol	0%	▪ 17 $\beta$ E2 Mono Sulfate	0.37%	▪ DHEA	0%	▪ 17 $\alpha$ Estradiol	0.34%	▪ DHEA sulfate	0%	▪ Ethinyl Estradiol	0.29%	▪ 11-Deoxycortisol	0%	▪ E2-3-sulfate-17 glucuronide	0%	▪ Equilin	0%	▪ Aldersterone	0%	▪ Progesterone	0%	▪ 4-Androstene-3,17-diol	0%		
▪ Estradiol-3-glucuronide	4.56%	▪ Clomiphene	0%																																		
▪ Estrone	2.49%	▪ Corticosterone	0%																																		
▪ Estriol	0.56%	▪ Cortisol	0%																																		
▪ 17 $\beta$ E2 Mono Sulfate	0.37%	▪ DHEA	0%																																		
▪ 17 $\alpha$ Estradiol	0.34%	▪ DHEA sulfate	0%																																		
▪ Ethinyl Estradiol	0.29%	▪ 11-Deoxycortisol	0%																																		
▪ E2-3-sulfate-17 glucuronide	0%	▪ Equilin	0%																																		
▪ Aldersterone	0%	▪ Progesterone	0%																																		
▪ 4-Androstene-3,17-diol	0%																																				
storage:	-20°C long term avoiding multiple freeze thaw cycles.																																				
hazard/biohazard:	There is no known biohazard associated with this product.
